This Pamphlet is brought to you for free and open access by the Aurora Health Care at Aurora Health Care Digital Repository. It has been accepted for inclusion in Aurora Health Care Books, Documents, and Pamphlets by an authorized administrator of Aurora Health Care Digital Repository. For more information, please contact aurora.libraries@aurora.org.
Wisconsin will be home to the 53rd U.S. Women’s Open Championship June 29 to July 5 at Blackwolf Run in Kohler. The Karen Yontz Women’s Cardiac Awareness Center at St. Luke’s Medical Center is the recipient charity for this world-class golf event.

The Karen Yontz Center is one of very few facilities in the United States established specifically as a non-profit resource center dedicated to helping women and their families prevent heart disease through education and awareness. The mission of the center is to increase public and medical community awareness of women’s heart disease.

Daily admission to the U.S. Women’s Open Championship is $25 or $30, or there’s an $80 season pass coupon book good for each of the seven days. To purchase tickets, call Audrey or Chris at (414) 649-5767, or visit the Karen Yontz Center at St. Luke’s. Catch championship fever and enjoy watching 150 of the world’s best women golfers while benefiting this worthwhile cause.

Virginia McAfee is a 10-year employee in nutrition services at West Allis Memorial Hospital, and in her spare time she’s a dedicated volunteer. She serves on the board of Project Milwaukee, a program of the Volunteer Center of Greater Milwaukee; helped found Barton Kids for a Better World, a community service project at Clara Barton School, a Milwaukee public school at 57th and Green Tree; and supports other charities including the MACC Fund, Children’s Diabetes Association and projects to help the homeless. In addition to a recent recognition from the Volunteer Center, she’s appeared in local television commercials to promote volunteerism. “Volunteering has changed my life. You get so much more back than you can ever give,” Virginia says.
Metro Region’s Shared Governance Design Team announces the new name for the voting body of nursing in the region: Aurora Metro Nursing Alliance. The name was suggested and selected by nurses.

The team thanks those who submitted possible names and expresses gratitude to all those who voted for the finalists. The voting turnout far exceeded the team’s expectations. The new name has been incorporated into the mission statement of the Shared Governance Design Team and now defines the work that this group is undertaking.

Here’s the mission statement:

“The Aurora Metro Nursing Alliance is an organizational framework committed to supporting the Aurora mission, vision, beliefs and values. Our accountability-based model supports shared decision making, partnership, collegial responsibility and mutual respect. We endeavor to advance nursing’s role through an integrated system delivering quality care at the point of service across the continuum. With these shared beliefs, we trust that we have a framework that will be flexible and adaptive in its support of us as we grow.”

The Shared Governance Design Team includes Karyn Ciepluch, RN, SLMC; Sara Grant, RN, WAMH; Sharon Gray, RN, SSMC; Debbie Hitchcock, RN, WAMH; Terry Karfonta, CNS, SSMC; Katherine Kuchan, RN, SLMC; Rosemary Murtha, RN, Johnston Primary Care Clinic; Maggie Nicoud, NP, SSMC; and Diane Reif, CNS, HMH. Vicki George, vice president/chief nurse executive, convened the group, which is one of eight nursing work groups involved in strategic planning in the Metro Region.

Service Corner
Sinai Samaritan recognizes service

Sinai Samaritan Medical Center Golden Moment Awards were presented in February to four employees who exceeded the expectations of their customers. They were Steve Giese, Mike Hayes, Dale Walters and Juan Badillo, all officers in loss prevention services. They were recognized for providing superior service in a crisis situation.

In March, Anita Stoviak, RN, float pool educator; Jessica Urbahn, physician assistant, Wisconsin Avenue Family Care Center; and Dr. Vivek Bagade, cardiology fellow, were recognized with Golden Moment Awards.

Anita was described as always seeking opportunities for appropriate placement of float pool staff and for always being kind, supportive and positive. Jessica was nominated for outstanding leadership, quality service, creativity and accountability in a recent situation in which her willingness to be a good Samaritan very likely saved an injured woman’s life.

Dr. Bagade was nominated by an interdisciplinary group for outstanding leadership and accountability as demonstrated by his active participation in the Outcome Facilitation Rounds in Critical Care and on 3 South for all cardiac surgery and interventional patients.
West Allis Memorial Hospital was recently the recipient of the generosity of the West Allis Moose Lodge, which is celebrating its 75th anniversary in West Allis. The lodge and women’s unit includes more than 1,000 members who held dinners, raffles and bingo parties and recycled aluminum cans to raise the funds for this donation. Pictured are (from left) Bob Krenzien, Paul Stoppenbach, Tom Trentacosti and Don Dignin, all of the Moose Lodge, and Rick Kellar, West Allis administrator.

Congratulations to the West Allis Memorial Hospital GEM recipients for April. They are (from left) Debbie Sobczak, LPN, women’s services; Todd Trotter, courier, ACL; Sue Gaskell, respiratory therapy; and Fran Robaczek, housekeeping. The GEM (Go the Extra Mile) Award is a service management program designed to recognize employees, volunteers and physicians who have gone above and beyond the call of duty at WAMH.

The Aurora Health Center in Racine received the Racine Area Manufacturers and Commerce (RAMAC) Gold Key Award in April. Participating in the event were (from left) Jean Jacobs, Racine County executive; Tom Melzer, chairman of the Town of Mount Pleasant, where the center is located; Joan Kolpek, the center’s administrator, who accepted the award; Nick Bukacek, president, Bukacek Construction; Dr. Robert Brown, medical director, AHC Racine; and Mike Scholl, Hammes Co. In presenting the award, RAMAC members complimented Aurora Health Care’s vision in turning a long-vacant appliance store into a beautiful health care facility.
Women of the World: Heart Health for All the Seasons of Your Life
A free conference for women of color
7:30 a.m.-12:30 p.m., Saturday, May 16
Crystal Ballroom, Hilton Hotel,
509 W. Wisconsin Ave., Milwaukee
Sponsored by the Karen Yontz Women’s Cardiac Awareness Center at St. Luke’s Medical Center and coming soon to Sinai Samaritan Medical Center. Seating is limited. Preregistration is required. For information call the American Heart Association, Wisconsin Affiliate, (414) 271-9999 or (800) 242-9236.

Adventures in Parenting: Parent Education and Support Group
10:30-11:30 a.m., Saturdays
Milwaukee Psychiatric Hospital
1220 Dewey Avenue, Wauwatosa
Led by Tammy Myre, MSW, CICSW, and John Turk, CADCIII
How do I discipline my child? At what age should I let my child stay at home alone? How do I talk to my teenager about drinking, drugs and sex? No one prepared you for all the questions and problems you’d encounter in being a parent!
Join other parents for these informal weekly sessions that include education, support and discussion led by two seasoned professionals experienced in working with children and parents. Each session will address some aspect of child and adolescent development and share behavior modification techniques and problem-solving strategies that will help you understand and better manage your child’s behavior.
For information, call John Turk at 454-6548.
“New Baby, Changing Emotions”
Join other new mothers. Explore causes of the baby blues. Get help. Lead by Margaret Malnory, MSN, RN, and Vani Ray, MD. Sponsored by Women's Health Services and Aurora Behavioral Health Services.
