Recommended Citation
Tajik AJ. Inherited cardiomyopathies & genetics. Presented at Milwaukee Heart Failure Symposium, May 5, 2018, Milwaukee, WI.

This Oral/Podium Presentation is brought to you for free and open access by the Aurora UW Faculty at Aurora Health Care Digital Repository. It has been accepted for inclusion in Aurora UW Cardiology Faculty by an authorized administrator of Aurora Health Care Digital Repository. For more information, please contact jennifer.deal@aurora.org.
Purpose
Heart failure is the progressive stage of most cardiac diseases and the only cardiovascular disease rising in incidence, prevalence and mortality. The treatment for heart failure has changed dramatically and become more complex in the past 10 years. In this symposium, we will present up-to-date knowledge to help clinicians and allied health providers identify, evaluate and treat heart failure and related conditions.

Audience
This symposium will be of value to Cardiovascular Surgeons, Cardiologists, Internal Medicine, Hospital Medicine Faculty, Practice, mid-level providers, allied health professionals and subspecialty trainees. It will also be of interest to health professionals and subspecialty trainees. This symposium will be of value to Cardiovascular Surgeons, Cardiologists, Internal Medicine, Hospital Medicine Faculty, Practice, mid-level providers, allied health professionals and subspecialty trainees.

Objectives
All the aims of the symposium the participants should be able to:

• Encourage application of primary and secondary preventive measures to reduce the incidence, prevalence and the economic burden of heart failure
• Know the most current evidence-based diagnostic & therapeutic strategies in heart failure & pulmonary hypertension
• Highlight innovation in the field of advanced heart failure
• Understand prognosis and outcomes of various treatment strategies employed in managing heart failure.

About Milwaukee
Milwaukee is the largest city in the state of Wisconsin. Well known for its brewing traditions, Milwaukee is experiencing its largest construction boom since the 1960s. Major new additions to the city in the past two decades include the Milwaukee Riverwalk, Wisconsin Center, Miller Park an expansion to the Milwaukee Art Museum, and the Milwaukee Repertory Theater. The Wisconsin Entertainment and Sports Center is scheduled to open in 2018. Most of these sights are within walking distance to the symposium.

Milwaukee is home to first-class entertainment and performing arts, unique museums, great restaurants and miles of lakefront, and that’s just the beginning. Come and see for yourself!
