Mission Statement

The Aurora Libraries are dedicated to providing quality health care-related information to all Aurora-associated administrators, medical and house staff, nurses, allied health professionals, employees and students for work-related patient care or research, or in support of affiliated educational programs. The Aurora Libraries also recognize and support the patient’s right to health care information.

The information-gathering services of the Aurora Libraries are provided to Aurora Health Care professionals and affiliated students because Aurora Health Care believes that information leads to better decision making which, in turn, contributes to cost-effective and high quality patient care.

Aurora Libraries Intranet Site (ALIS)

Hundreds of online journals, books and databases are available to you so that you can make good clinical decisions.

Access the Aurora Libraries (ALIS) site from iConnect. No password is needed at work. Your iConnect password is needed from home (www.Aurora.org). Full ALIS resources should be available through iConnect from home by the end of 2006. Until then, full ALIS is currently available from http://Library.AuroraHealthCare.org — call Information Services at (414) 647-3520 for an SSL/VPN Login ID/password. Full ALIS is also available for physicians through WHIN http://AuroraClinical.WHIN.net or VPN to Cerner (click on “globe” icon).

A-Z Journals
Over 1,900 journals online — from ADIS, Blackwell, BMJ, EBSCO, Elsevier, Lippincott Williams & Wilkins and Society Publishers.

Consumer Health Databases

Health Reference Center
Produced by Thomson Gale, the Health Reference Center includes lay level health information from pamphlets, textbooks, popular magazines and newsletters, and some professional journals. Coverage is the most recent four years which often includes the full text.

MedlinePLUS
Authoritative consumer information from the National Library of Medicine, National Institutes of Health and other government agencies, and national associations including an illustrated medical encyclopedia, interactive patient tutorials, dictionaries, drug information and the latest medical news.

Well Connected
Comprehensive high school level consumer reviews on common diseases and wellness issues reviewed by Harvard Medical School and Massachusetts General Hospital.

Dictionaries/General Reference

XRefer
It’s all here: Dorland’s Medical Dictionary, Dictionary of Medical Acronyms & Abbreviations, Rawsons Dictionary of American Quotations, the Bible, the Qurán, U.S. Census, the Penguin Rhyming Dictionary, Bender’s Dictionary of Nutrition & Food Technology, the Columbia Encyclopedia, Roget’s Thesaurus, Collin’s Spanish Dictionary, the Dictionary of Business and much more.

Differential Diagnosis Database

DxPlain
DxPlain is a decision support system which uses a set of clinical findings to produce a ranked list of possible diagnoses. It provides diagnostic information on over 2000 diseases.
Drug Databases

MICROMEDEX

ALTMEDDEX
ALTMEDDEX includes information on herbal and dietary supplements.

CARE NOTES
CARE NOTES provides lay-level information on selected illnesses, injuries, and drugs.

DISEASEDEX
DISEASEDEX supports disease management and treatment decisions in ambulatory and inpatient care settings.

DRUGDEX
DRUGDEX is an up-to-date, unbiased, and referenced drug information system. This system includes both Drug Evaluation Monographs and Drug Consults on investigation, foreign, FDA approved, and OTC preparations. This system is indexed by U.S. and foreign brand/trade names, generic names, and disease states.

POISINDEX
POISINDEX is a detailed toxicology database designed to identify and provide ingredient information for over one-half million domestic and foreign commercial substances. The POISINDEX System also provides detailed symptomatology and management/treatment protocols in the event of a toxicology problem due to ingestion, dermal absorption, eye exposure, or inhalation of any of the substances listed.

Natural Medicines Comprehensive Database
Natural Medicines Comprehensive Database is recommended by our pharmacists as the best source for drug-herb, herb-herb interactions, and for herbal product brand name.

Zynx
Medical management information with evidence grading for over 100 high volume, high-cost conditions.
**General/Business Information**

ProQuest Newspapers, Business Source Elite, ERIC, and other state-provided BadgerLink databases.

**MEDLINE (OVID)**

MEDLINE is a National Library of Medicine database of medicine, dentistry, nursing, veterinary medicine, and the preclinical sciences that indexes over 4,000 of the world's biomedical journals. Coverage is from 1951 to the present. Links to our over 1,700 online journals are available from within a subject search and the ORDER feature allows you to easily order what is not online from the Aurora Libraries.

**Nursing Database**

**CINAHL (OVID)**

The cumulative Index to Nursing and Allied Health Literature indexes over 900 nursing and allied health journals, publications of the American Nurses' Association and the National League for Nursing, relevant articles from MEDLINE and other journals. Coverage is from 1983 forward.

**Psychology/Psychiatry Database**

**PsycInfo**

PsycINFO covers the field of psychology and related disciplines from 1872 forward from journals, books, dissertations, and technical reports.

**Services**

**Reference Service and Database Searches**

Call your Librarian for a quick fact from a directory, dictionary, statistical source, or textbook. Aurora Librarians have access to hundreds of biomedical, business, education, and news databases through several vendors. A list of articles on your topic can be provided by the Librarian to meet your time frame.

**Interlibrary Loan**

Library staff can obtain materials not available in-house through a nationwide resource-sharing network. Articles may be faxed or emailed.

**Current Awareness Service**

For any topic in which you have a continuing interest, your Librarian can create and save a search strategy in an appropriate database and mail or email monthly updates to you.

The Table of Contents for Administrators is a bimonthly current awareness service for Aurora managers, directors, and administrators. There is also a Table of Contents for Rehab and Nursing.

**Verification of Bibliographies**

Given one week's notice, your Librarian will verify your list of references for the article or book chapter that you are writing.

**Photocopy Services**

Photocopy machines are available in each Library. Aurora-affiliated employees, medical staff, and students may use the photocopy machines or printers for work-related copying at no charge. Personal copying or copying by non-affiliated users may be done at .10¢/page.
Book and Journal Ordering
All Aurora magazine subscriptions are ordered through Linda Rogge at (414) 649-5972 at the Medical Library at Aurora St. Luke’s Medical Center. For self service, use the Magazine Ordering site on iConnect. Department book orders, including the ISBN number, are sent directly to the Purchasing Department at the Heil Center.

Ask A Librarian
Patients, family members, and the community are welcome to visit the Aurora Libraries to gather information concerning newly diagnosed conditions or about disease prevention and coping skills. Brief packets of information may also be provided by fax, mail or email. Material is for informational purposes only and should not be taken as medical advice or interpretation. Patients and families may access their personal email at any Aurora Library.

Borrowing Materials

Privileges
All employees and physicians of the Aurora Health Care system have borrowing privileges. Individuals must complete a form and be entered in the Aurora Libraries database to check out materials. Print your name, department, and phone number on the check-out card. Library staff will provide date due cards to insert in the book pockets.

Loan Material
Books or audiovisuals not designated as reference materials (R, RLO, REF) may circulate for 14 days. Journals do not circulate; certain exceptions made at the discretion of the library staff, such as for making slides.

Renewal
Library material may be renewed for an additional loan period unless it is requested or reserved by another patron.

Lost Material
Books, journals, audiovisuals, etc. are the responsibility of the borrower and if they are lost they must be replaced by the borrower. Overdue notices will be sent when materials are not returned on time. If the item has not been returned after three notices, the cost of the item and a $10 processing fee will be charged.

Collection
Over 13,000 books, 330 online
600 active print journal subscriptions, 1,900 online
Over 1,600 audiovisual
